

as of May 15, 2009
Rounds 1, 2, and 3,

Project Director

THE CALIFORNIA CULTURAL & HISTORICAL ENDOWMENT

The California Cultural and Historical Endowment (Endowment) was created by AB 716 to tell the story of California as a diverse society and of the many groups of people that together comprise historic and modern California.

Endowment grants are used for the acquisition, restoration, preservation, and interpretation of California's historical and cultural resources. Funding of close to \$122 million for the capital improvement projects comes from voter-approved bonds from the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002, more commonly known as Proposition 40.

The Endowment was specifically charged to fund projects that:

- preserve, document, interpret, or enhance threads of California's history that are absent or underrepresented in historical parks, monuments, museums and other sites and buildings;
- support the state's diverse counties;
- assist both large and small organizations; and
- represent the interests of the state's many diverse ethnic groups.

Endowment funds have supported 154 grants to museums, cultural centers, movie and stage theaters, a Victorian garden, simulated archaeological dig sites, historic office buildings, boarding houses, and adobes.

Saving the Southwest Museum of the American Indian: Rehabilitation of the Museum of the Southwest.

Saving the Southwest Museum of the American Indian: Rehabilitation of the Museum of the Southwest.

A photograph of a large, light-colored building under construction or renovation. The structure is covered in a complex network of scaffolding, particularly on the left side where an American flag is mounted on a pole. The building has a prominent red-tiled roof and multiple dark-framed windows. In the foreground, there are dense green trees and bushes. The sky above is clear and blue.

Kern County: 1928 Chamber of Commerce Building.

Kidspace - Building Bigger Project: Kidspace is creating a 28,000

A wide-angle photograph of the Santa Barbara City Hall building under a clear blue sky. The building is a large, two-story structure with a light-colored, possibly white or cream, stucco or plaster finish. It features multiple arched windows with dark frames and several sets of French doors. A prominent feature is a long balcony with a decorative railing running along the second floor. The roof is tiled with red tiles. In front of the building is a well-maintained lawn with several tall palm trees and other greenery. The overall architectural style is neoclassical or Spanish Colonial Revival.
